Dear sister —

Your very interesting and welcome letter came to me yesterday and I was so glad to hear from you and that you have a case but it was to bad she met with such a accident. Edith I forgot to thank Laura but I certainly do think it very kind of her to help you to make them and I am very much pleased with them and I thank her very much

for them and give her a sweet
kiss for me. Please and keep
several for your self. the
little picture we all think
very sweet but K did not
say if she was going to get
it framed or not.

Yes I recieved a Xt
Catalogue and two handsome
pictures one a yard of violets
and one a yard of Pansys.
Some fine work and could
not imagine or think who
had sent them I recieved
them about four weeks
ago and many many
thanks to you for them
I am so very anxious to

get them framed for I have always wanted and admired those yard of flowers.
I went over to Mrs. Fred—
moor and came back Thurs—
day Sadie came as far as the
square to see to some business
they are well I—feels better
some days than others. no
Eddie Sadie never will enter
our house again nor A—never
expects to L—A. Ma have no
friendship existing between
them and never will be.
L—wants to write to you
but she is afraid she might
say something she hadent ought
to. I intend going over

next week again to stay for 3 or 4 days. I & I have lots of fun and we take a walk most every afternoon when I am out there, Mary and I always sit the same nights ~~return~~ when I go out I says well Mary is coming out tonight, we have to laugh over it.

I bought a new organdie dress the other day, the reason I got just that shade is because I have got the trimming for my light wool challie waist to trim it in and that shade of green is very becoming to me. I paid 12½ a yd it was reduced on account of the

cool weather it sold 35¢ per yd
it is a beautiful thing in
the piece. I got about 11 yds
I think. I expect to have sashes
of same material with insertion
on edges and ends of it. about
1½ wide and waist trimmed
in it I dont exactly know
how I will have it made the
way I want it made K- has
got a dress made very near like
it and material something
the same. will send picture
and sample and I also got
a shirt waist ma is making
it now the blue is my shirt
waist. it is a very stylish
goods and K- likes it to.

Well Judith it was like news from the dead when last Tuesday I recieved a letter from Dr Las Vegas it is exactly as follows:—

My dear girl.—

Owing to fact that I have not been able to come in contact with you or find any one that has done so I take it upon my self to write you this letter in the vain hope that it will enable me to satisfy my morbid inquisitiveness!

What is the cause of your non-appearance in the past few months? have you been ill? or have you left the City?

I hope not. Crazy letting hear from you and let me know if it possible for me to see you again. awaiting your immediate reply I remain

Yours for ever

Sunday April 1st

I answered the letter the following day and told him if he wished to see me that I prefered him seeing time and a few more things and yesterday more to days letter I received another letter for he had answered mine immediately. it is exactly as i follows.——

8.

Dearest Jennie!

I am greatly obliged to you for the prompt and to me pleasant manner in which you answered my letter.

I am greatly pleased to learn of you enjoying good health and are in favor of renewing our former friendship.

Now speaking of a date" how would a trip to Euclid Beach Park suit you? It would give us a splendid opportunity ~~of~~ to renew our sadly neglected infatuations you know.

So if you could manage to meet me at the corner of Bank St Superior St at 7:30 P.M. Wed Eve boarding the

weather is favorable, I would consider it a great favor.

Now if anything should prevent you from so doing, please let me know by return mail say when & what time I can see you.

From your everlasting admirer

Chas Miner.

Well Edie you know I did not recieve it till Thurs- morning and the date was for Wednesday Eve that was the night before so I did not know what to do and was just ated to write him another letter when the postman brought me another one explaining the first as follows—

I answered and told him it would be impossible for me to meet him as we [illegible] but would at our own street. I would had him come to the house but he could [illegible] a week maby and not find us at it. the city is exactly like his. I thought you would like to hear from me for fun. that is 3 letters I received from him in a week and will also see him this week, tomorrow night.

and Tom Lockard is calling on me. to tell if nothings happened Harry can just stop. for I [illegible] Chas. M. I can't bear

Harry sined I received Chas-
letter. He says she has not
got time to write but thinks of
you often. there is one more
week of school then he will be

folks. How is poor Donald?
Your well wishing sister
K.....C.L.D. Jennie.
Excuse scribbling.

where to ad you,

Sunday 13 Morn

Well I finished this Letter on a Friday but forgot to mail it. Well last night was the night our date was made for Miner and You but I kept it and he to. But he looked sweet in a small circle costume on a checked hose & white shirt a choker of a collar like usual wears band vest & suit you know was a tan. we took a long car ride to a end of a line. I would like to tell you some of our conversation. he is coming up to night again. He asked after you! Edie we have got a small two burner gas stove Kate got it for us at the store. I went out on her wheel this morning. Edie you remember my linen dress trimmed in blue ribbon it is too short and it is faded so I

thought of taking the facing and
get some more a couple of yds and
put a ruffle on it and then I could
face it up with a different
material. do think you
could match the goods up
there?

Tell Mrs Bradley wants to
come and live with us for nonsense
but me guesses we cant have
it. Say there was four
cent postage on your letter what
did it mean?

It but it is a hot day.
Will be glad to see you.
Your loving Sister Jennie.

4 14 page letter
for it if you can.
